The Selectmen have given written orders for all the above payments.

Abatements are for water troughs.

Under the head of School bills, there is \$662.73 that does not properly belong in this year's account, although paid since Feb. 15, 1903; this accounts for the large sum under this heading.

The town has received from the International Paper Co., \$700.00 on account of repairs on Jackman bridge.

Miscellaneous bills include repairs on road machine, returns of births and deaths, care of cemeteries, printing reports, insurance on bridges, and all other bills not included under the above heads.

Indebtedness over assets Feb. 15, 1904	2778 35
	<hr/>
	\$5235 95

The amount due from Collectors is given as they have it on their books; some allowance, however, should be made for abatements.

It was thought best this year to include the Hibbard and Simonds Legacy notes under the head of indebtedness, as they are virtually an indebtedness of the town. This will make it look as though the town had increased its debt the past year, but by deducting these notes, we find the total indebtedness about \$400.00 less than it was one year ago.

TRUST FUNDS.

The town has three legacies which it holds in trust: The Hutchins legacy of \$1500.00 consists of three bonds of \$500.00 each, the income of \$60.00 from these is used for the care of the Village and West Bath cemeteries, the balance, if any, is for the use of the town. The Simonds legacy of \$500.00 has an income of \$20.00, which is used to care for the Simonds lot, the balance is for town purposes. The Hibbard Legacy of \$1000.00 has an income of \$40.00, which is for the care of the Hibbard lot, the balance to be used for school purposes.

Most respectfully submitted,

HARRY H. HALL, Treasurer.

I have examined the foregoing accounts, and find them correctly cast and properly vouched.

JONAS MINOT, Auditor.

Bath, N. H. Feb. 15, 1904.

Selectmen's Report.

The Selectmen of the town of Bath respectfully submit the following report of the expenditures for the year ending Feb. 15, 1904:—

There are three notes in Newbury bank which amount to \$3000 standing against the town.

The Woodsville bridge case is still in litigation.

The Woodsville bridge repairs are made under contract between the Selectmen of Bath and the Selectmen of Haverhill.

The bridges through the town are in good repair.

We would recommend the town to raise \$25,000 for ordinary repairs of road and bridges, and in addition to that what the town sees fit to raise for the building of the road laid out near Burton's by the County Commissioners, which road is a winter road open from Nov. 15th to April 1st, \$600 for town officers' bills, \$25 for Memorial day, \$100 for town library and \$500 to pay on town debts.

I have examined the foregoing accounts and find them correctly cast and properly vouched.

Library Report.

To the Trustees of the Bath Public Library the following report is most respectfully submitted:

There has been added to the library during the past year 91 volumes, 68 of which were appropriated by the town, and an entertainment under the auspices of the ladies furnished proceeds for the remaining books, making a total of 1808 volumes at the present date. As in previous years most of the books were selected by the trustees from lists given by the town's people.

The new books for the past year have been of a higher class and necessarily cost more. The Swiftwater branch still continues to get books. The library grows

in favor with the people more and more each year, and money expended for this purpose is evidently appreciated, as the class of reading it affords cannot fail to produce results beneficial alike to all.

BESSIE FOSTER RANDALL.

Union School District Report.

To the people of the town of Bath the following report is respectfully snbmitted:

During the past year 36 weeks of school have been maintained as usual. At the close of the school year last June Mr. Brown, Miss Hayward and Miss Bittinger resigned their positions, compelling us to secure a new corps of teachers for this year.

After considering a large number of applications Mr. John J. Mallowney was elected principal. Under his management the school seems to be doing very well.

Miss Alice E. Charles of Chatham, N. H., was selected for the position of assistant. Miss Charles is well qualified and doing exceptionally good work.

Our teacher in the primary room, Miss Sara A. Wood, is a Normal school graduate. Miss Wood has a difficult position, having 39 pupils under her charge, but seems to be doing good work.

We have three scholars attending High school in other towns. Two at Lisbon, costing at the rate of about \$30 per year each, and one at Tilton costing \$40 per year.

Everyone in the district should make an effort to visit school and see how it is conducted; then any criticism could at least be intelligently made.
